hackNY fellow, 2019
BMC Community Honor Roll, 2019
Rewriting the Code fellow, 2019-2020
AP Scholar with Honors, 2016
National Merit Commended, 2016
SAT-1: 2310, SAT-2 Math Level 2: 720
NHSI Cherubs Program @ Northwestern
Carnegie Mellon Drama Pre-College
NYU Tisch/Lee Strasberg Actor

RELEVANT EXPERIENCE

SOFTWARE ENGINEERING INTERN
BuzzFeed | Summer 2019
- Built and launched front-end for a new internal tool to help editorial staff change BuzzFeed's navigation bar and direct 50 million+ monthly users towards trending topics
- Took initiative to shadow team Product Manager, write company-wide documentation and present tool to stakeholders
- Made trade-off decisions to optimize for accessibility across BuzzFeed's UI in two-week agile sprints
- Organized and lead efforts to reach 200+ NYC interns for BuzzFeed events and a Women in Tech Q+A for Girls Who Code Students

TEACHING ASSISTANT
Girls Who Code | Summer 2017 and 2018
- Over two summers, empowered 40 high school girls through computer science education for Girls Who Code's Summer Immersion Program
- Mentored girls by overseeing the design, implementation, and presentations of their final web development projects
- Organized networking events and activities with partners at Goldman Sachs in 2017 and Accenture in 2018

STRATEGY AND INNOVATION INTERN
Girls Who Code | Summer 2016
- Compiled over 50 articles and wrote 30-page report on the history of female "bravery and perfection" for CEO Reshma Saujani
- Conducted user interviews and gathered UX feedback for early iterations of the Girls Who Code Loops application

PROJECTS

SPELLING BEE
Senior Project @ Bryn Mawr College | Academic Year 2019-2020
- Built out front-end for a Bryn Mawr version of the New York Times' Spelling Bee Game with HTML, CSS, JS, and PHP
- Designed wireframes and various new features to add to game-play options and make UX more unique to Bryn Mawr

BLUBUS
Human Computer Interaction @ Haverford College | Spring 2018
- Built a tracker for on campus bus system with HTML, CSS, and JS
- Designed multiple wireframes, conducted simple user interviews and A/B tests to make final product decisions
